BOARD OF CORRECTION IDAPA RULE NUMBER 604

Visiting Inmates

POLICY CONTROL NUMBER 604

Visiting

PURPOSE

The Idaho Department of Correction (IDOC) encourages visitation between inmates and their friends and family. Visitation is important for inmates to maintain relationships and contact with the outside world.

Visitation also increases the risk of contraband and activities that reduces the IDOC’s ability to protect the public. Therefore, the IDOC has identified the rules and regulations in this standard operating procedure (SOP) to ensure a safe environment for visitors, staff, and inmates.

RESPONSIBILITY

Facility head responsibility includes:

- Implementing the SOP and ensuring that staff members practice the provisions contained herein
- Developing, to the extent possible, a schedule for visiting that offers public access during evening and weekend hours
- Developing a field memorandum that identifies facility-specific information such as visiting locations, capacity, and schedule
- Providing accommodations, consistent with the security level of the facility, such as vending machines, parlor games, and children’s toys to provide a positive atmosphere for visitors, children, and inmates

STANDARD PROCEDURES

1. Visiting Room Staffing

Visiting room staff positions are exempt posts filled at the discretion of the facility head. Selection is based on the person’s ability to work with the public and maintain accurate records. Each facility must develop post orders for visiting room staff.

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 3 of 20
---	------------------------	---------------------------	--------------------------------

2. Visiting Room Capacity

Facility heads must identify the location and total operational capacity of visiting rooms meeting fire code guidelines and the number of visitors allowed per inmate at a time. Visiting room capacity must be posted in the visiting room area.

3. Visitation Rules for Inmates and Visitors

The violation of visiting rules may result in the temporary or permanent loss of visiting privileges. Visiting room staff and supervisors must become familiar with the visiting rules. (See [Visiting Rules for Inmates and Visitors](#))

Introduction of Contraband

Idaho Code 18-2510 states that a person commits a crime by knowingly introducing or possessing contraband in a correctional facility. Contraband includes, but is not limited to, tobacco, cell phone(s) or other telecommunication equipment, controlled/illegal substances, firearms or dangerous weapons, ammunition/explosives, and escape tools or devices. Violators are punishable by imprisonment of up to 5 years and/or fine of up to \$10,000.

Visiting Suspension for Drug-Related Disciplinary Action or Introduction of Major Contraband

When an inmate has a confirmed DOR for the use or possession of illegal drugs, which includes positive urinalysis tests for drugs that could be prescription or illegal such as an opiate, all visitations for that inmate are suspended for a period of six months.

Visitations are suspended for six months if an inmate is involved in the introduction of major contraband that constitutes a felony.

4. Service Animals

Service dogs accompanying an individual with a disability recognized under the Americans with Disabilities Act (ADA) are allowed in visiting rooms. Pets are not allowed. If there are any concerns about the legitimacy of a service animal, staff must notify the facility head for further consideration.

The facility head or designee is authorized to approve and deny service animal access to the facility.

Service animal means any **dog** individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this SOP.

The work or tasks a service animal performs must be directly related to the individual's disability. Crime deterrent effects, provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this SOP.

Service animals must be leashed or harnessed except when performing work or tasks where such tethering would interfere with the dog's ability to perform.

Dogs whose sole function is the provision of emotional support, well-being, comfort, companionship or other non-disability related work function are not considered service dogs under the ADA and are not allowed in visiting rooms.

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 4 of 20
---	------------------------	---------------------------	--------------------------------

The IDOC does not allow any service animal to be in visiting rooms when that animal's behavior poses a direct threat to the safety of others, displays aggressive behavior, is disruptive, or behaves in a manner that indicates it is not a trained service animal.

For example, any service animal displaying vicious or aggressive behavior towards other inmates, visitors, or staff members is not allowed. If the service animal is not allowed, the visitor is not suspended or restricted from visitation, and visitation privileges may continue without the service animal. The service animal may be allowed to be in visiting rooms when the owner can demonstrate that the animal's behavior has been corrected.

There is no government mandated or operated service dog certification or registration program in the United States. However, some programs certify the dogs they provide have been trained and tested. The IDOC recognizes documentation proving the service animal came from a legitimate program or individual that trains and/or tests the animals they provide.

If a visitor does not have documentation of origin from a program that trains and tests the service animals it provides, the visitor must provide answers to these two questions:

- 1) Is this a service dog required because of a disability? and
- 2) What task(s) is the dog trained to perform?

If, in the opinion of the facility head, these questions are not adequately answered, the animal is not allowed into the facility.

5. Attorney and Attorney Agent Access

Guidelines for attorney and attorney agent access are found in *Attorney and Professional Staff Access to Inmates*, [604.02.01.002](#).

6. Guidelines for Approving or Denying Visitation

Visitors' applications are processed as quickly as possible. Applications that can be approved at the visiting room supervisor level should be processed within two weeks of receiving the application if there are no delays in receiving criminal record information. (Contract facilities may take longer because of the criminal history check process.)

Visiting applications approved at any IDOC facility are honored by other IDOC facilities when inmates are transferred. If a receiving facility's facility head or designee determines a visitor should be denied or visitation modified, the facility head or designee must attempt to contact the visitor before the next visit. If an error was made in the approval process, the receiving facility head must notify the sending facility head to prevent future errors.

The first table in this section identifies visiting applications that are approved or denied by the visiting room supervisor.

Approving and Denying Visitation

Approval/Denial Authority	Approve	Deny	Appellate Authority

Applications Considered Case-By-Case

Applicants meeting the criteria in the next table are forwarded to the applicable approval authority. The approval authority considers the following when making a decision:

- The length of the relationship
- The support of the habilitation process
- The inmate's institutional history
- The security of the facility

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 6 of 20

Case-by-Case Consideration

Approval Authority	Considered Case-by-Case	Appellate Authority
Facility Head or Deputy Warden (second-in-command)	Current or former employees, vendors, volunteers, interns, and contractors that are immediate family of the inmate	Division Chief or Deputy Chief or designee
Facility Head or Deputy Warden (second-in-command)	Immediate family of the inmate who: Has a felony charge, arrest, or conviction within the last five years or Has a drug-related offense within the last two years or Were previously incarcerated in an IDOC facility (Note: This family member cannot be considered for visitation until six months have passed from being released from IDOC custody.)	Division Chief or Deputy Chief or designee
Facility Head or Deputy Warden (second-in-command)	Probationers or parolees who have been supervised for more than six months and have their probation and parole officer's written approval to visit.	Division Chief or Deputy Chief or designee
Facility Head or Deputy Warden (second-in-command)	Individuals who have no previous relationship(s) with the inmate	Division Chief or Deputy Chief or designee
Facility Head or Deputy Warden (second-in-command)	Former inmates of an IDOC facility	Division Chief or Deputy Chief or designee
Facility Head or Deputy Warden (second-in-command)	Inmates assigned to Different IDOC facilities or Different living units within the same facility	Division Chief or Deputy Chief or designee
Division Chief or Deputy Chief or designees, as applicable	Current or former employees, vendors, volunteers, interns, or contractors who are not immediate family of the inmate	N/A (Cannot be appealed)

If a former IDOC employee, volunteer, vendor, intern, or contractor applies to visit an inmate and it is determined that the applicant violated any IDOC rule or section of Idaho Code, the application is normally denied.

If the applicant is not immediate family of the inmate, the applicant cannot visit unless the applicant terminates the relationship of employee, volunteer, vendor, intern, or contractor

with the IDOC, and then the person cannot visit an inmate unless the applicable division chief **or** deputy chief or designee approves the visiting application. Nothing in this section guarantees approval of a former employee, volunteer, vendor, intern, or contractor to visit an inmate.

Volunteers: Approving or Denying as Visitors

The process for approving or denying volunteers as visitors must be in accordance with SOP *Volunteer Services in Correctional Facilities*, [606.02.01.001](#).

Interns: Approving or Denying as Visitors

The process for approving or denying interns as visitors must be in accordance with SOP *Internship Management*, [212.07.01.001](#).

7. Type of Visitation by Custody Level and Housing Type

Visitation is contact or non-contact based on the inmate’s placement.

- CRC: Contact
- Minimum Custody: Contact
- Medium Custody: Contact (non-contact maybe used at the discretion of the facility head)
- Close Custody: Contact and non-contact
- Restrictive Housing: Non-contact and restricted contact ([319.02.01.001](#), *Restrictive Housing*)

8. General Guidelines for Visitation with Minor Children

Criminal history checks for young children are primarily used to ensure that a no-contact order has not been issued preventing contact between the inmate and the child. Minor children (children under the age of 18 years) visiting with the inmate must:

- Be the immediate family member of the inmate, and
- Be accompanied throughout the visit by a parent or guardian **or** if the child is in the custody of the state, a child protection worker or agent of the Idaho Department of Health and Welfare (DHW) may accompany the child.
- Child protection workers and agents of the DHW accompanying children must present DHW identification and documentation of DHW guardianship or involvement in the supervision of the child. The IDOC does not run background checks on DHW employees or agents.

The **parent** accompanying the minor child on the visit must complete and submit the following documents:

- [Visiting Application \(Adult\)](#), (parent information only)
- [Visiting Application \(Minor Child\)](#), (child information only)
- A certified copy of the child’s birth certificate

The **guardian** accompanying the minor child on the visit must complete and submit to the IDOC the following documents:

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 8 of 20
---	------------------------	---------------------------	--------------------------------

- *Visiting Application (Adult)*
- *Visiting Application (Minor Child)*
- A copy of the court order granting guardianship or [Power of Attorney Delegating Limited Parental Powers for Visitation](#)
- A certified copy of the child's birth certificate

Minor Stepchildren

If the minor child is a stepchild of the inmate, both natural parents must sign *Visiting Application (Minor Child)*. The only exceptions are (a) the parental rights of one of the natural parents were terminated by a court of law, (b) the natural parent is deceased (c) the natural parent's whereabouts are unknown.

Examples:

- To prove that parental rights have been terminated, a copy of a court order must be provided.
- To prove the parent is deceased, a copy of the death certificate or newspaper obituary must be provided.
- To prove the parent's whereabouts are unknown, a letter from a state child support enforcement agency must be provided.

Expiration of Minor Child Visiting Applications

A *Visiting Application (Minor Child)*, after the initial approval, expires on the minor's 16th birthday, unless terminated earlier by the facility head or designee, minor, or parent/guardian.

9. Restrictions Involving Certain Crimes for Visitation with Minor Children

A minor child who was the victim of a violent or sexual crime where the inmate was the perpetrator of the crime, whether a conviction resulted or not, cannot visit the inmate unless all of the following conditions are met:

- A written recommendation is submitted from a licensed counselor who provided counseling to the child, indicating the visit would enhance the counseling process and is in the child's best interest. The recommendation must include the length of time the counselor provided counseling to the victim, the counselor's training and experience in counseling victims of violent or sexual crimes, and why it is now in the best interest of the child to allow visitation with the inmate.
- The facility head is the approval authority and makes the decision based on the best interest of the minor child. What is in the best interest of the minor is determined at the discretion of the facility head.
- In addition, the facility head may impose additional visitation restrictions on inmates convicted of a violent or sexual crime when visiting minor children.

10. Physical Contact

Physical contact is limited to a brief closed-mouth kiss and embrace at the beginning and end of the visit. Good-byes are said in the assigned visiting area.

The following physical contact is allowed in IDOC facilities:

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 9 of 20
---	------------------------	---------------------------	--------------------------------

- A brief (closed-mouth) kiss and embrace at the beginning and end of the visit.
- Holding hands in plain view.
- Children age six and younger may sit on the inmate's lap.

In addition, in medium, minimum custody, and CRC facilities, an arm around the shoulder with hand on the shoulder is allowed.

11. Visitation Application Process

The following steps describe the visitation application process. Inmates may grieve denied applications in accordance with SOP 316.02.01.001, *Grievance and Informal Resolution Procedures for Inmates*.

Functional Roles and Responsibilities	Step	Tasks
Applicant	1	<p>Download <i>Visiting Rules for Inmates and Visitors</i>, and <i>Visiting Application (Adult)</i>, from the Idaho Department of Correction's (IDOC's) Internet website or obtain these forms from the inmate.</p> <ul style="list-style-type: none"> • For minor children or stepchildren, the natural parent or guardian must submit the forms noted in this standard operating procedure (SOP). • Read the <i>Visiting Rules for Inmates and Visitors</i>. • Complete the applicable visiting application(s).
Applicant	2	<p>Mail the completed applicable visiting application(s) to the facility where the inmate resides.</p> <p>Example: If the inmate resides at the Idaho State Correctional Institution, the envelope would be addressed as follows:</p> <p>ISCI Visiting PO Box 14 Boise, ID 83707</p> <ul style="list-style-type: none"> • To find IDOC facility mailing addresses facilities, visit www.idoc.idaho.gov. • Applications must be sent through the U.S. Postal Service. Facility staff may approve a faxed application(s) when the situation requires a quick response. However, application(s) received via fax without preapproval are not processed.
Visiting Room Staff	3	<p>Review the visiting application(s) to ensure they are complete and correctly filled out. If the applications are not complete or correct, notify the inmate using <i>Status of Visiting Application</i>.</p>

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 10 of 20
---	------------------------	---------------------------	---------------------------------

Functional Roles and Responsibilities	Step	Tasks
Inmate	4	Complete or correct the visiting application(s) or have the applicant complete or correct the information and resubmit the visiting application(s) to the visiting room staff.
Visiting Room Staff	5	When the application is acceptable, search for the applicant in CIS (search by <i>name, social security number (SSN), Identification (ID) number, phone number, or date of birth</i>). If the applicant is not in CIS, add visitor or if the applicant is in the CIS but is no longer active, forward application to the background-check staff. If the applicant is already approved in CIS, proceed to step 7.
Background Check Staff	6	Conduct a criminal background check. Complete the 'background check' box at the bottom of the visiting application(s) and return the visiting application(s) to the visiting room staff. In CIS, under the 'backgrounds/document/clearance' link, select all items that were verified, and add any applicable comments. Select the pending radio button.
Visiting Room Supervisor	7	Review the visiting application(s) and, if necessary, background information and any other required documentation. Approve or deny the application(s) and stamp the box at the bottom of the application(s). If authorized to approve or deny, complete the form, and proceed to step 11. If higher approval authority is needed in accordance with case by case considerations in section 6, verify that the 'pending' option is selected and forward the application(s) to the facility head or deputy warden (second-in-command).
Facility Head or Deputy Warden (second-in-command)	8	Consider the inmate's institutional and community history, and the inmate's relationship with applicant. If the request is approved or denied, proceed to step 11. If the applicant is a current or former employee, vendor, volunteer, intern, or contractor but is not an immediate family member, forward the application to the applicable division chief or deputy chief or designees.

---	------------------------	---------------------------	---------------------------------

Functional Roles and Responsibilities	Step	Tasks
Division Chief or Deputy Chief or designee, as Applicable	9	Review the visiting application(s) and approve or deny the visitation. Notify the facility head or deputy warden (second-in-command) of the decision and return the application to the facility.
Facility Head or Deputy Warden (second-in-command)	10	Inform the visiting room supervisor of the decision and forward the visiting application to the visiting room supervisor.
Visiting Room Staff	11	In the CIS, under the 'approved inmate list' link, select the 'approved' or 'denied' radio button and enter applicable information. Inform the inmate of the decision using a Status of Visiting Application .
Visitor	12	If approved, visits the inmate during visiting hours. If denied, and the inmate is immediate family, the applicant may reapply in 90 days or appeal within 14 days of receiving notification. If denied, and the inmate is not immediate family, the applicant may reapply in one year or appeal within 30 days to the applicable division chief or deputy chief or designees.

Visitor Information Updates

Visitors are responsible to update their application if there is a change in residence, name, arrest record, etc. However, visiting room staff should verify and update the approved visitor's information by either asking for name, address, telephone number, etc. during check in, or have visitors complete *Visiting Application (Adult)* annually. Visiting privileges should not be automatically suspended or terminated without review by the facility head or deputy warden (second-in-command) when a visitor forgets to report changes in information such as address.

If the visitor was previously approved, but removed because the end date had passed, the visitor should be allowed to visit, but must submit a new application within 15 days. A new end date, not to exceed 45 days, is established until the application update can be processed. If approved, process and establish a new annual end date.

Visiting room staff may also run periodic National Crime Information Center (NCIC) criminal background checks on approved visitors. At a minimum, conduct a records check annually.

If an approved visitor voluntarily reports an arrest or if a new arrest or charge is found in a record check, forward the information to the facility head or deputy warden (second-in-command) for a decision regarding visiting status.

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 12 of 20

Inmates Released from IDOC

Visitors must reapply for visitation when an inmate is released from IDOC custody by either reaching full-term release day, probation, or paroled regardless of the end date on the previous application. Visitation is not allowed until the visitor application process is completed and the visitor is approved.

12. Background Check Guidelines

The Idaho Law Enforcement Telecommunications System (ILETS) operator does not approve or deny visiting applications. The ILETs operator completes the 'Background Check' box on the visiting application by selecting either 'criminal record' or 'no criminal record' (criminal record means any arrest, charge, or conviction). The ILETs operator uses the comment section to assist the application review process such as 'extensive record' or 'one arrest 10 years ago.'

Background checks are conducted by running the following queries:

- Driver's Query (DQUS): This step is conducted first to establish identity, verify information on background check, and make an initial check for warrants.
- Query History (QH): This step shows information from the Interstate Identification Index (III Index) to include Federal Bureau of Investigation (FBI) number and a list of states associated with that FBI number. In addition, a 'hi' may also be indicated on the Social Security number and reveal 'also known as' (AKA).
- Query Record (QR) This step is used to obtain specific criminal history from the III Index.
- Identity Query (IQ): This step is used to obtain identity information on a person from a specific state or region.
- Full-record Query (FQ): This step is used to obtain information after receiving a positive response from individual states.

13. Mark Applications Approved or Denied

The approval authority must indicate approval or denial by marking the applicable box on the visiting application.

14. Visiting Day Procedure

The visiting area must be thoroughly searched before and after visiting. In prisons, all inmates must be removed from the visiting area during the search.

Functional Roles and Responsibilities	Step	Tasks
Approved Visitor	1	Report to the designated visiting area. Present photo identification (ID) to the visiting room staff, except children under 16 years of age. A parent, guardian, child protection worker, or agent of the Idaho Department of Health and Welfare, must be present for those under 18 years of age.
Visiting Room Staff	2	Determine that the visitor is approved. Verify that the time is correct and it is the approved time for the visit and then call for the inmate. Provide the visitor with a yellow visitor ID. Select the 'check-in' icon. Inform the visitor and inmate where to sit and monitor the visit.
Visiting Room Staff	3	If the visiting room reaches capacity, and there are people waiting to visit, ask for volunteers willing to end their visit early. If there are no volunteers, select those to end their visit early. Notify the visitors and inmates that their visit is about to end, giving them 15 minutes to end their visit. If the inmate notifies you to end the visit early – proceed to step 4.

Control Number: 604.02.01.001	Version: 9.0	Title: Visiting	Page Number: 14 of 20
---	------------------------	---------------------------	---------------------------------

Functional Roles and Responsibilities	Step	Tasks
Visiting Room Staff	4	Document the end of the visit by selecting the checkout icon in CIS. Perform the applicable search of the inmate (see section 16).

Ending a Visit Early

When necessary to end a visit early due to over-crowding, the decision is based on the length of the current visit, the distance the visitor traveled, and the frequency of visits. Visiting room staff may ask visitors to volunteer to end their visit early.

Examples if there are no volunteers: visitors who live near the facility, visit every week, and have been visiting one hour or longer would qualify as a visit that could end early. However, if the same visitors had just arrived, they would not be candidates for ending their visit early. Ending visits for people who have traveled a distance should be avoided. If there is no good candidate for leaving early, a visitor waiting to begin may need to wait or return. Use good judgment when deciding which visits to end early.

15. Photographs

Inmates may purchase photo tickets through the commissary to have photographs taken during visiting. The visitor can keep the photographs or the inmate can retain them.

16. Searches of Visitors

Visitors, their possessions, and inmates are subject to search. The following outlines the procedure for searching visitors.

Functional Roles and Responsibilities	Step	Tasks
Staff Member	1	Reasonably suspects the visitor may be carrying contraband. Request from the facility head or designee the approval to search the visitor or visitor's vehicle.
Facility Head or Designee	2	Approve or deny the request to search the visitor or visitor's vehicle and inform staff of decision.
Staff Member	3	If the request to search is denied by the facility head or designee), allow the visit to continue or end the visit if so instructed by the facility head or designee and do not proceed to any other steps. If the facility head or designee approves the request to search , inform the visitor. Offer the visitor the opportunity to leave the facility or be searched. If the visitor elects to leave, write an incident report and

Administrative Segregation	After visit	Unclothed or clothed	Clothed–Mandatory Unclothed–Optional (If items can be passed under a door or through a slot between the visitor and the inmate, an unclothed search of the inmate is mandatory.)

WARNING!

Refusal to submit to a search will result in the loss of the inmate's visiting privileges!

18. Use of Canine Drug Detection Teams

The facility head may approve canine drug or tobacco detection teams to search inmates, visiting room, lobby, and parking lot. Drug detection canines cannot be in direct contact with visitors. However, drug detection canines can be used in the presence of visitors if there is a barrier such as a kennel or cage between the canine and the visitor.

19. Process for Suspending or Restricting Visitation Privileges

Functional Roles and Responsibilities	Step	Tasks
Visiting Room Staff	1	If a visiting rule infraction occurs, contact the shift commander and then write an incident report.
Shift Commander	2	<p>Review the situation and if available, the incident report</p> <p>Based on the situation you may:</p> <ul style="list-style-type: none"> • Warn the inmate and visitor about the infraction. • End the visit. • Ensure a Disciplinary Offence Report (DOR) is issued. <p>Forward the incident report to the facility head or designee.</p> <p>If applicable, complete and transmit a 105 report (See <i>General Reporting and Investigation of Major Incidents</i> 105.02.01.001).</p>
Facility Head or Designee	3	<p>If necessary, gather additional information to include interviewing staff, inmates, and visitors.</p> <p>Continue, suspend (no more than six months), or restrict visiting privileges (there is no appeal process if the visiting privilege is restricted).</p> <p>Send letter of decision to visitor and inmate.</p> <p>File a copy in the inmate's visiting and central file.</p> <p>Send notice of decision to visiting room staff.</p> <p>If you recommend permanent termination of visiting privileges, proceed to section 20.</p>
Visiting Room Staff	4	If visiting privileges are suspended or restricted, enter the applicable information in to CIS visiting screen.

20. Process for Terminating Visiting Privileges

Facility heads may suspend visiting privileges for up to six months. Any length of suspension over six months is considered termination of visiting privileges. To terminate visiting privileges indefinitely, the following steps must be used.

Functional Roles and Responsibilities	Step	Tasks
Facility Head	1	Send copies of the reports and other pertinent information to the applicable division chief or deputy chief or designees.

---	------------------------	---------------------------	---------------------------------

Division Chief or Deputy Chief or Designees as Applicable	2	Approve or deny the request to terminate visitation. Notify the facility head and the visitor of the decision. If a visitor's visiting privileges are permanently terminated, he may file a written appeal (via email or letter) for reinstatement to the applicable division chief or deputy chief or designees within 14 days of the termination and annually thereafter.
Facility Head	3	Implement the division chief or deputy chief's decision. If the visitor's visiting privileges are terminated, in CIS, under the 'approved inmate list', ensure the visitor's visiting application is set to 'denied', and the decision is documented under the 'comments' link.

21. Reinstating Suspended Visiting Privileges

A visitor may file a written appeal to the facility head or designee within 14 days of receiving notice of the suspension. The facility head or designee meets with the visitor to discuss the reason for the suspension, the applicable visiting rules, and expectations for visiting conduct. Consider the situation including a review the inmate's history and institutional behavior and make a decision to continue the suspension, reinstate visiting either with or without restrictions. The facility head or designee notifies the visitor, inmate, and visiting room staff of the decision. Visiting room staff must document the applicable information in CIS visiting screens.

22. Removal of Names from Visiting Lists

Functional Roles and Responsibilities	Step	Tasks
Inmate or Visitor	1	If the inmate: complete a Request to Remove Visitor from Visitor's List . If the visitor: send a written request to visiting room staff via email or United States Postal Service. Visitor may only remove his own name and the name of any minor child in his guardianship. (skip to step 4)
Inmate	2	Sign the form in the presence of a staff member and ask the staff member to sign form as a witness.
Staff	3	Witness the inmate signing his name to the form, sign the form, and return it to the inmate.
Inmate or Visitor	4	Submit the form or written request to visiting room staff.
Visiting Room Staff	5	In the CIS visitor screen select 'denied' and enter comments accordingly. (Visitors may only remove their name and the name of any minor child in their guardianship.)

23. One Time and Special Visits

The facility head or designee can approve special visits. Special visits are normally limited to immediate family members who have traveled a distance and time does not permit normal processing of the visiting application. Checks for warrants can be run quickly before the visit. Reasonable accommodations should be made whenever possible.

Example: The family has only traveled 80 miles, but the inmate's elderly grandmother who traveled with the family has never visited and rarely travels. She did not anticipate making the trip, but would like to see her grandson now that she is in the area. If staffing is available, the visit should be approved, or a noncontact visit could be approved if noncontact is available and staffing for a contact visit is not available.

Example: A minister from the church where the inmate's family attends is in town on other business. The family asked the minister to see the inmate while he was in town. The minister has traveled 200 miles. If it is reasonably possible, the visit should be allowed.

Example: A friend lives 20 miles away. He forgot to send his visiting form, but he was in town and would like to visit. This visit should probably be denied, unless extenuating circumstances prevent following the normal visiting protocol and the visit appears to be in the best interest of the inmate (for example the friend would be a positive influence and is moving to the East coast next week).

DEFINITIONS

Contact Visiting: Visiting where no physical partition (such as a window or wall) separates the visitor and the inmate, and physical touch may be allowed.

Contraband: Anything (of any kind) that is prohibited by Idaho Board of Correction, Idaho Department of Correction (IDOC), or facility rules, policies, and procedures. Contraband also includes anything (of any kind) that a facility head has not approved for possession by an inmate, or to bring into a facility or onto IDOC property.

Immediate Family—Inmates: The immediate family of an inmate is (a) the mother or father of the inmate, including step parent, (b) the brother or sister of the whole or one half (1/2) blood or by adoption, or the stepbrother or stepsister of the inmate, (c) the spouse of the inmate, as proved by marriage license or other operation of law, (d) the natural child, adopted child, or stepchild of the inmate, (e) the grandparents of blood relation to the inmate, or (f) the grandchildren of blood relation to the inmate, (g) brother-in-law, sister-in-law, daughter-in-law, son-in-law, father-in-law, mother-in-law of the inmate.

Noncontact Visiting: Visiting with an inmate where there are physical partitions between the visitor and the inmate, and the inmate and the visitors are not allowed to touch. Verbal communication is generally accomplished through telephones, speakers, or openings in the physical barrier designed to allow sound to pass through.

Photo Identification: A state-issued driver's license displaying a photograph, a state-issued identification card displaying a photograph, a military-issued identification card displaying a photograph, or a current valid passport displaying a photograph.

Vendor: A person who supplies goods or services to the Idaho Department of Correction (IDOC) or any operation or facility under the authority of the Idaho Board of Correction.
